

## Fair Housing Choice

# SERVICE PROVIDERS FORUM

Share your experience and opinions with us

**FAIR HOUSING: IT'S THE LAW. FAIR HOUSING IS NOT JUST ABOUT HOUSING. IT'S ABOUT EQUAL OPPORTUNITIES FOR ALL NO MATTER WHERE THEY CHOOSE TO CALL HOME.**

The City of Lee's Summit is conducting an **Analysis of Impediments to Fair Housing Choice (AI)**, a Federal requirement for an Entitlement Community under HUD grant programs. Where people choose to live is influenced by many factors. Housing cost, quality of neighborhood, distance to work, access to services, quality of school, proximity to amenities, to name a few. Public policies, government regulations, public or private business requirements, standards and decisions may adversely disfranchise certain groups of the population. Discriminatory policies and actions that limit a person's ability to choose where to live must be identified and addressed.

### WHAT WILL BE DISCUSSED?

- ✓ Services you provide that help to meet the needs of the needy in the community and region
- ✓ How your service and business decisions affect housing choice
- ✓ How government policies, regulations, standards and requirements affect your business decisions to assist the needy
- ✓ What you consider barriers that limit fair housing choice from your business perspective
- ✓ What can be done to overcome barriers to fair housing choice
- ✓ What coordinating efforts need to happen among different entities to improve services
- ✓ What achievable goals and actions are and in what way your business can help

### SERVICE PROVIDERS FORUM
