

Lee's Summit Vision Statement:

A vibrant community ensuring the finest quality of life for all generations

Purpose:

What areas in Lee's Summit need to be preserved, enhanced, strengthened and transformed to achieve our vision?

Instructions:

1. **Download** the Community Asset Map Activity (five (5) sheets including this instruction sheet).
2. **Print** out the materials for discussion with your small group (remember to follow social distancing protocols).
3. **Review** the below category definitions.
4. **Discuss** as a group which areas in our community need to be preserved, enhanced, strengthened and transformed.
5. **Record** your ideas on the following (4) maps in one of two ways, whichever is most convenient:
 - if printed - use a permanent marker and draw directly on the maps, or
 - if digital - use the pen/marker tools in Adobe Acrobat (or similar digital editing PDF program)
6. **Submit** your great ideas, along with your group's sign-in sheet, in one of two ways:
 - if printed - drop-off your worksheets to one of our survey kiosk locations in the community: City Hall, Longview Community Center or J. Thomas Lovell Jr. Community Center at Legacy Park, or
 - if digital - email your materials to: FuelOurFuture@cityofLS.net
7. **Share** a picture of your group via email or by posting on social media with [#WeIgniteLS](https://twitter.com/WeIgniteLS) and encourage others to engage too!
8. **Thank you** for helping us shape our future!!!

Category Definitions: Example:

PRESERVE:

- Areas to identify might include **open space** and **natural areas**.
- Examples include environmentally-sensitive lands and connections for residents to historic and cultural sites, parks and nature.
- Future development in these areas should be discouraged to protect our community's open space and natural areas.

ENHANCE:

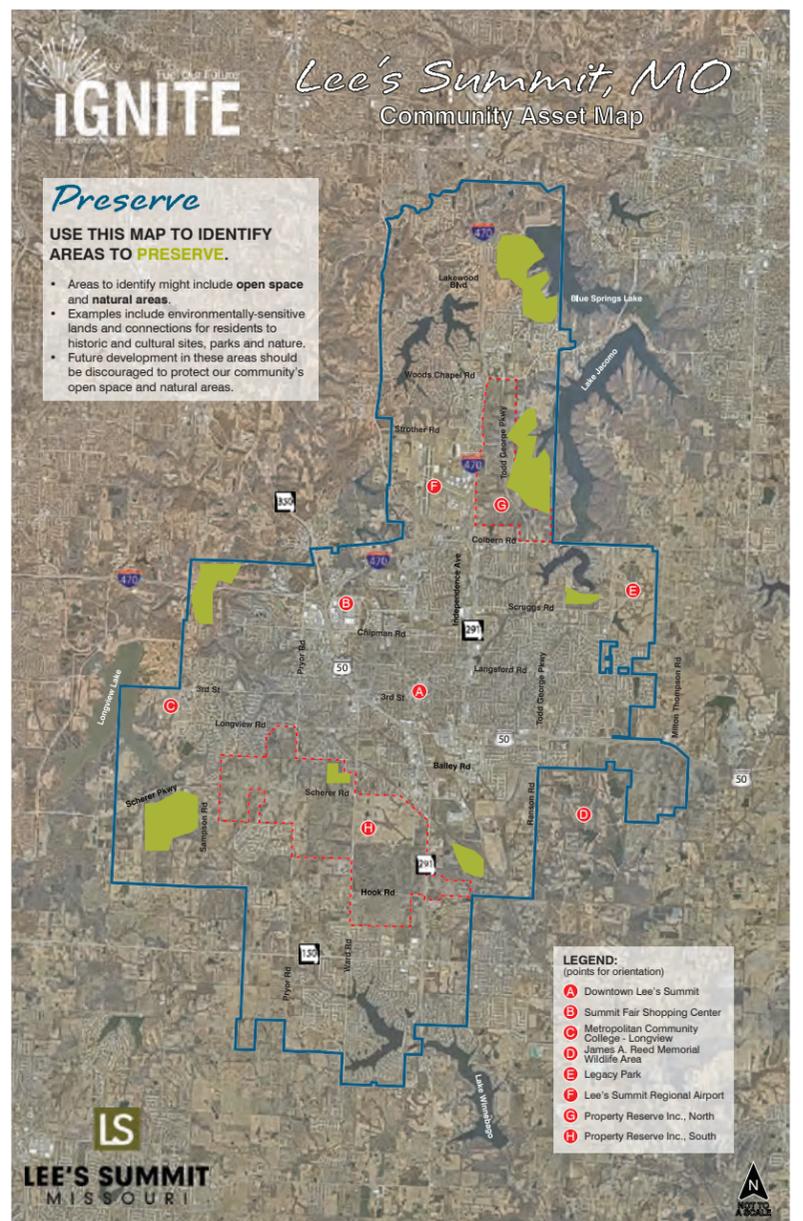

- Areas to identify might include **existing residential neighborhoods** that could benefit from incremental changes.
- Other areas might include industrial centers, wellness facilities, strip commercial centers and small commercial nodes that provide jobs and services for nearby residents.

STRENGTHEN:

- Areas to identify might include **Downtown Lee's Summit** and the surrounding area or **similar activity centers**.
- Future improvements are intended to contribute to the current successes of these areas.

TRANSFORM:

- Areas to identify include those that **reimagine Lee's Summit's future** - areas that we need to change or those that will be outdated as our world changes.
- Includes new development and redevelopment.
- Improvements might support mixed-use development, walkability, a wider variety of housing options, job creation and increased access to community assets.

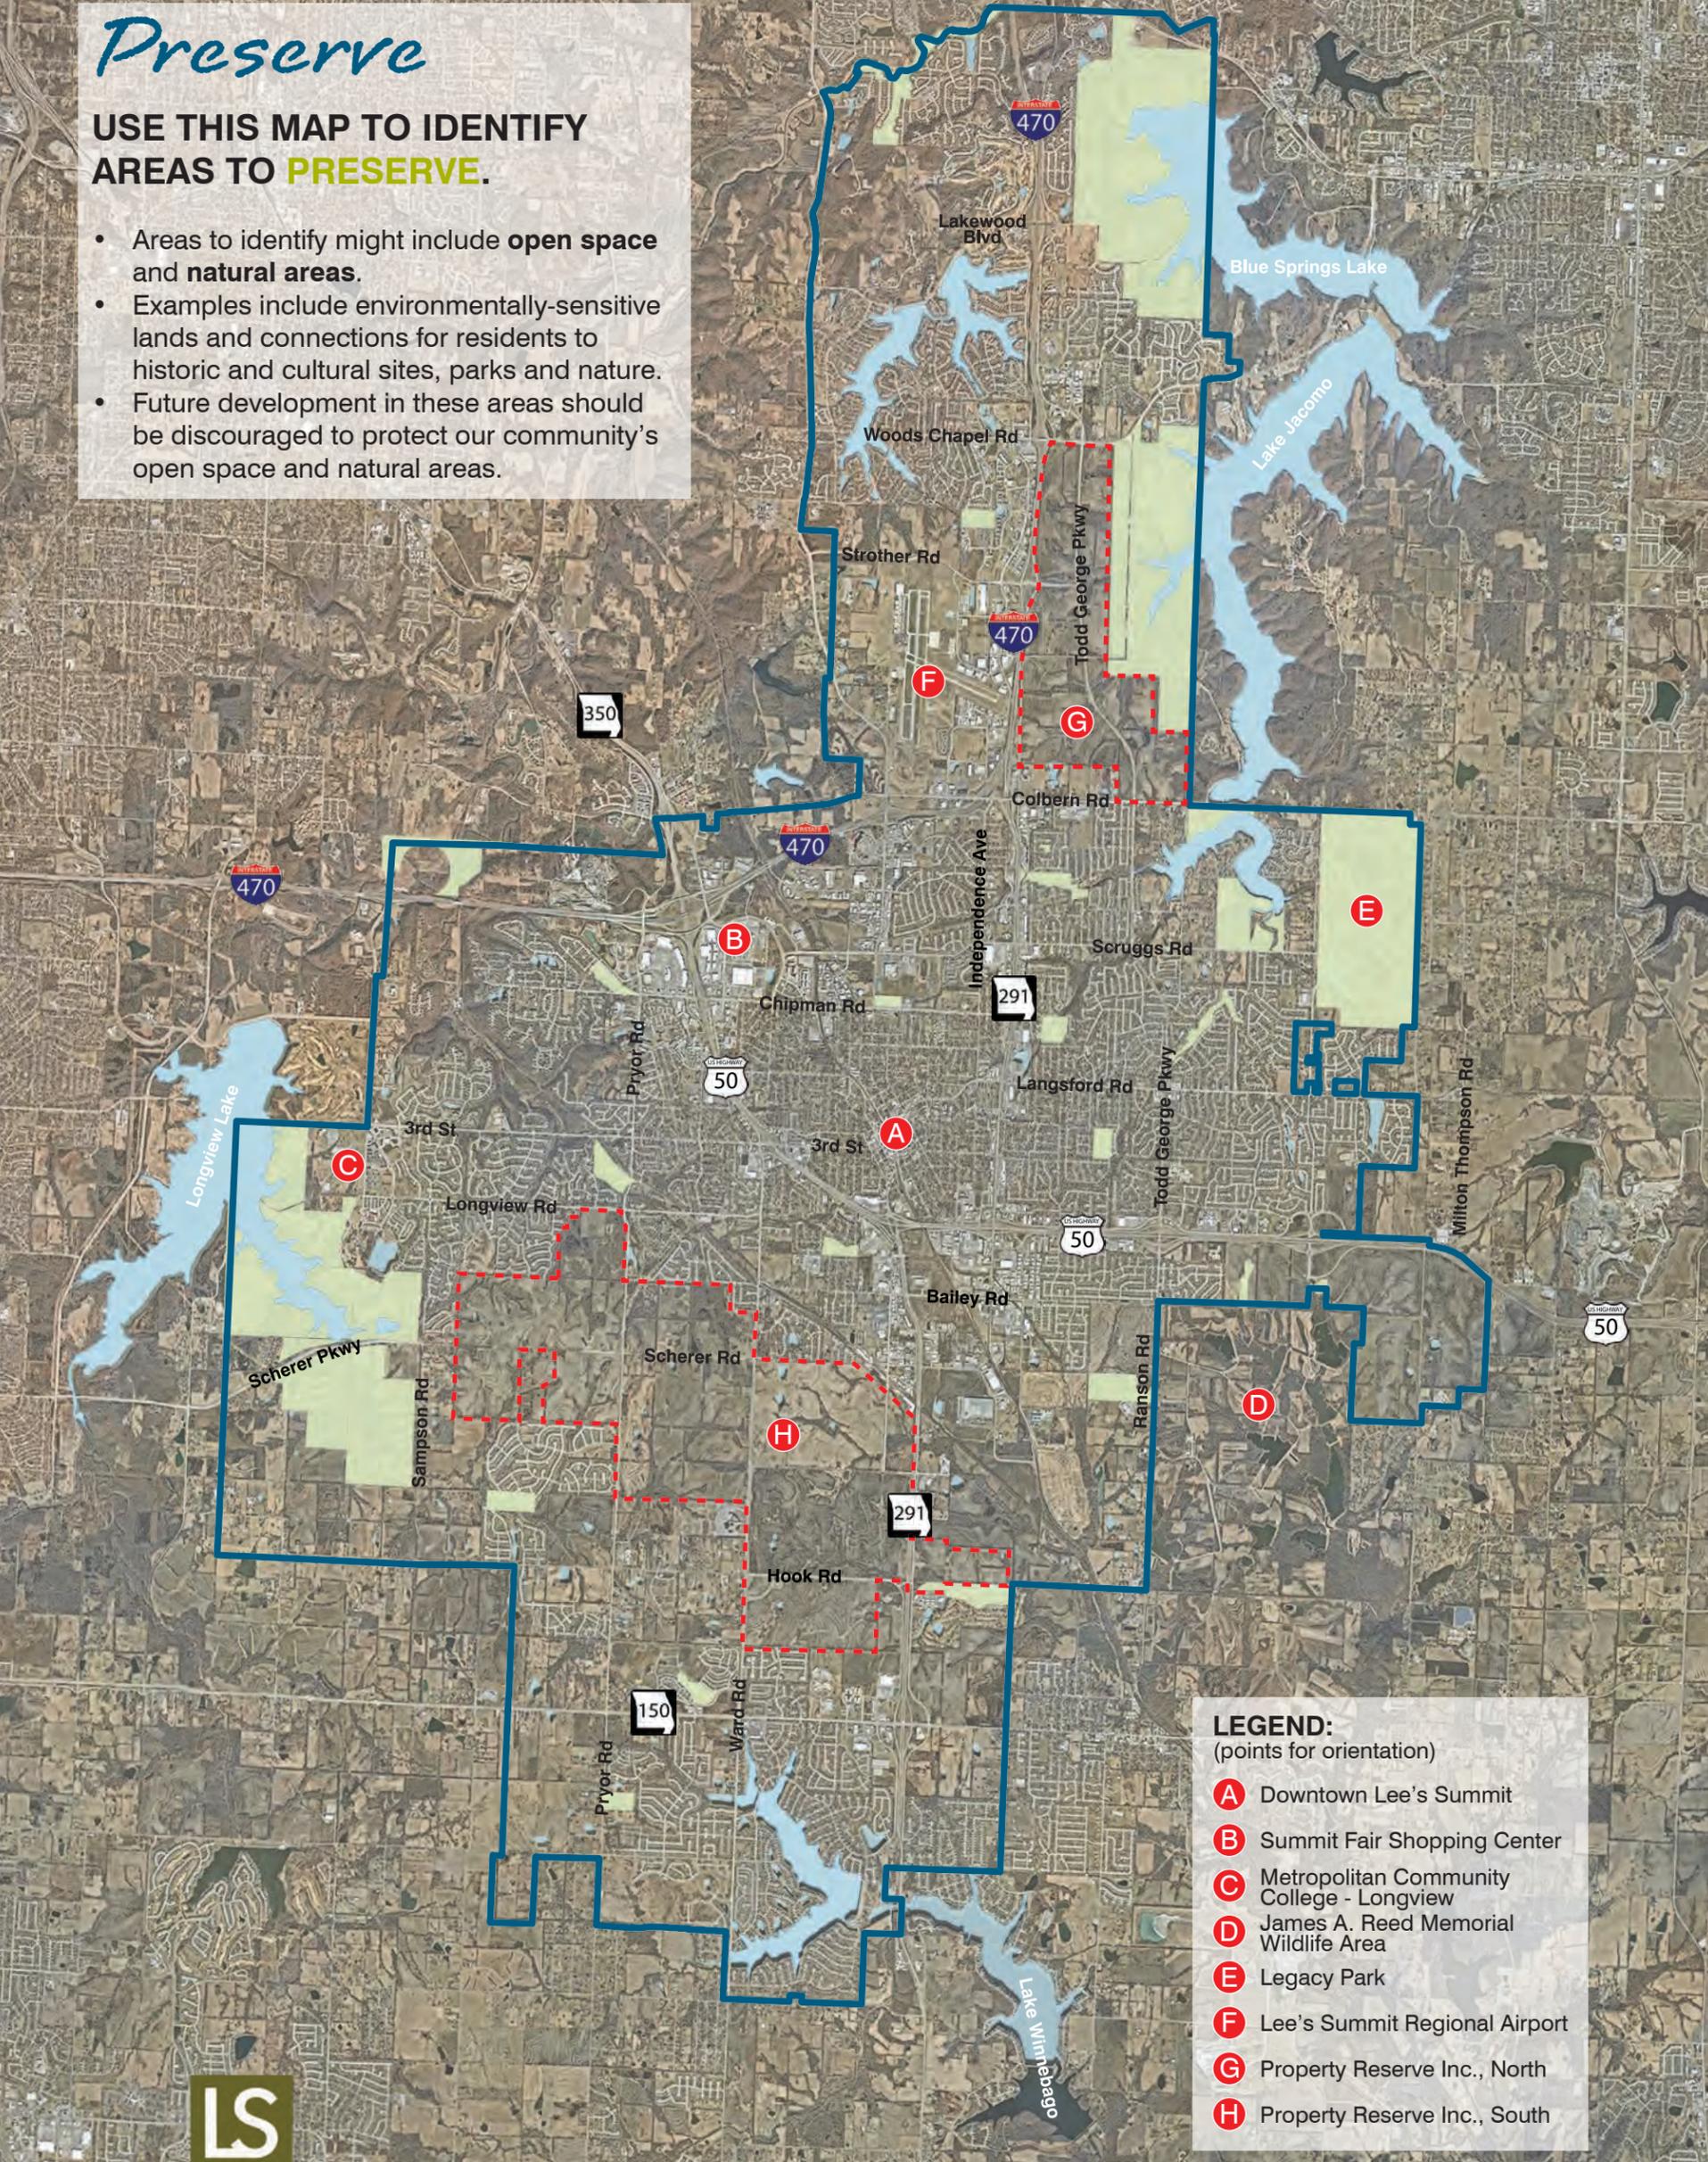

*green being used is for example only, use any color that you have that shows up on the map

Preserve

USE THIS MAP TO IDENTIFY AREAS TO **PRESERVE**.

- Areas to identify might include **open space** and **natural areas**.
- Examples include environmentally-sensitive lands and connections for residents to historic and cultural sites, parks and nature.
- Future development in these areas should be discouraged to protect our community's open space and natural areas.

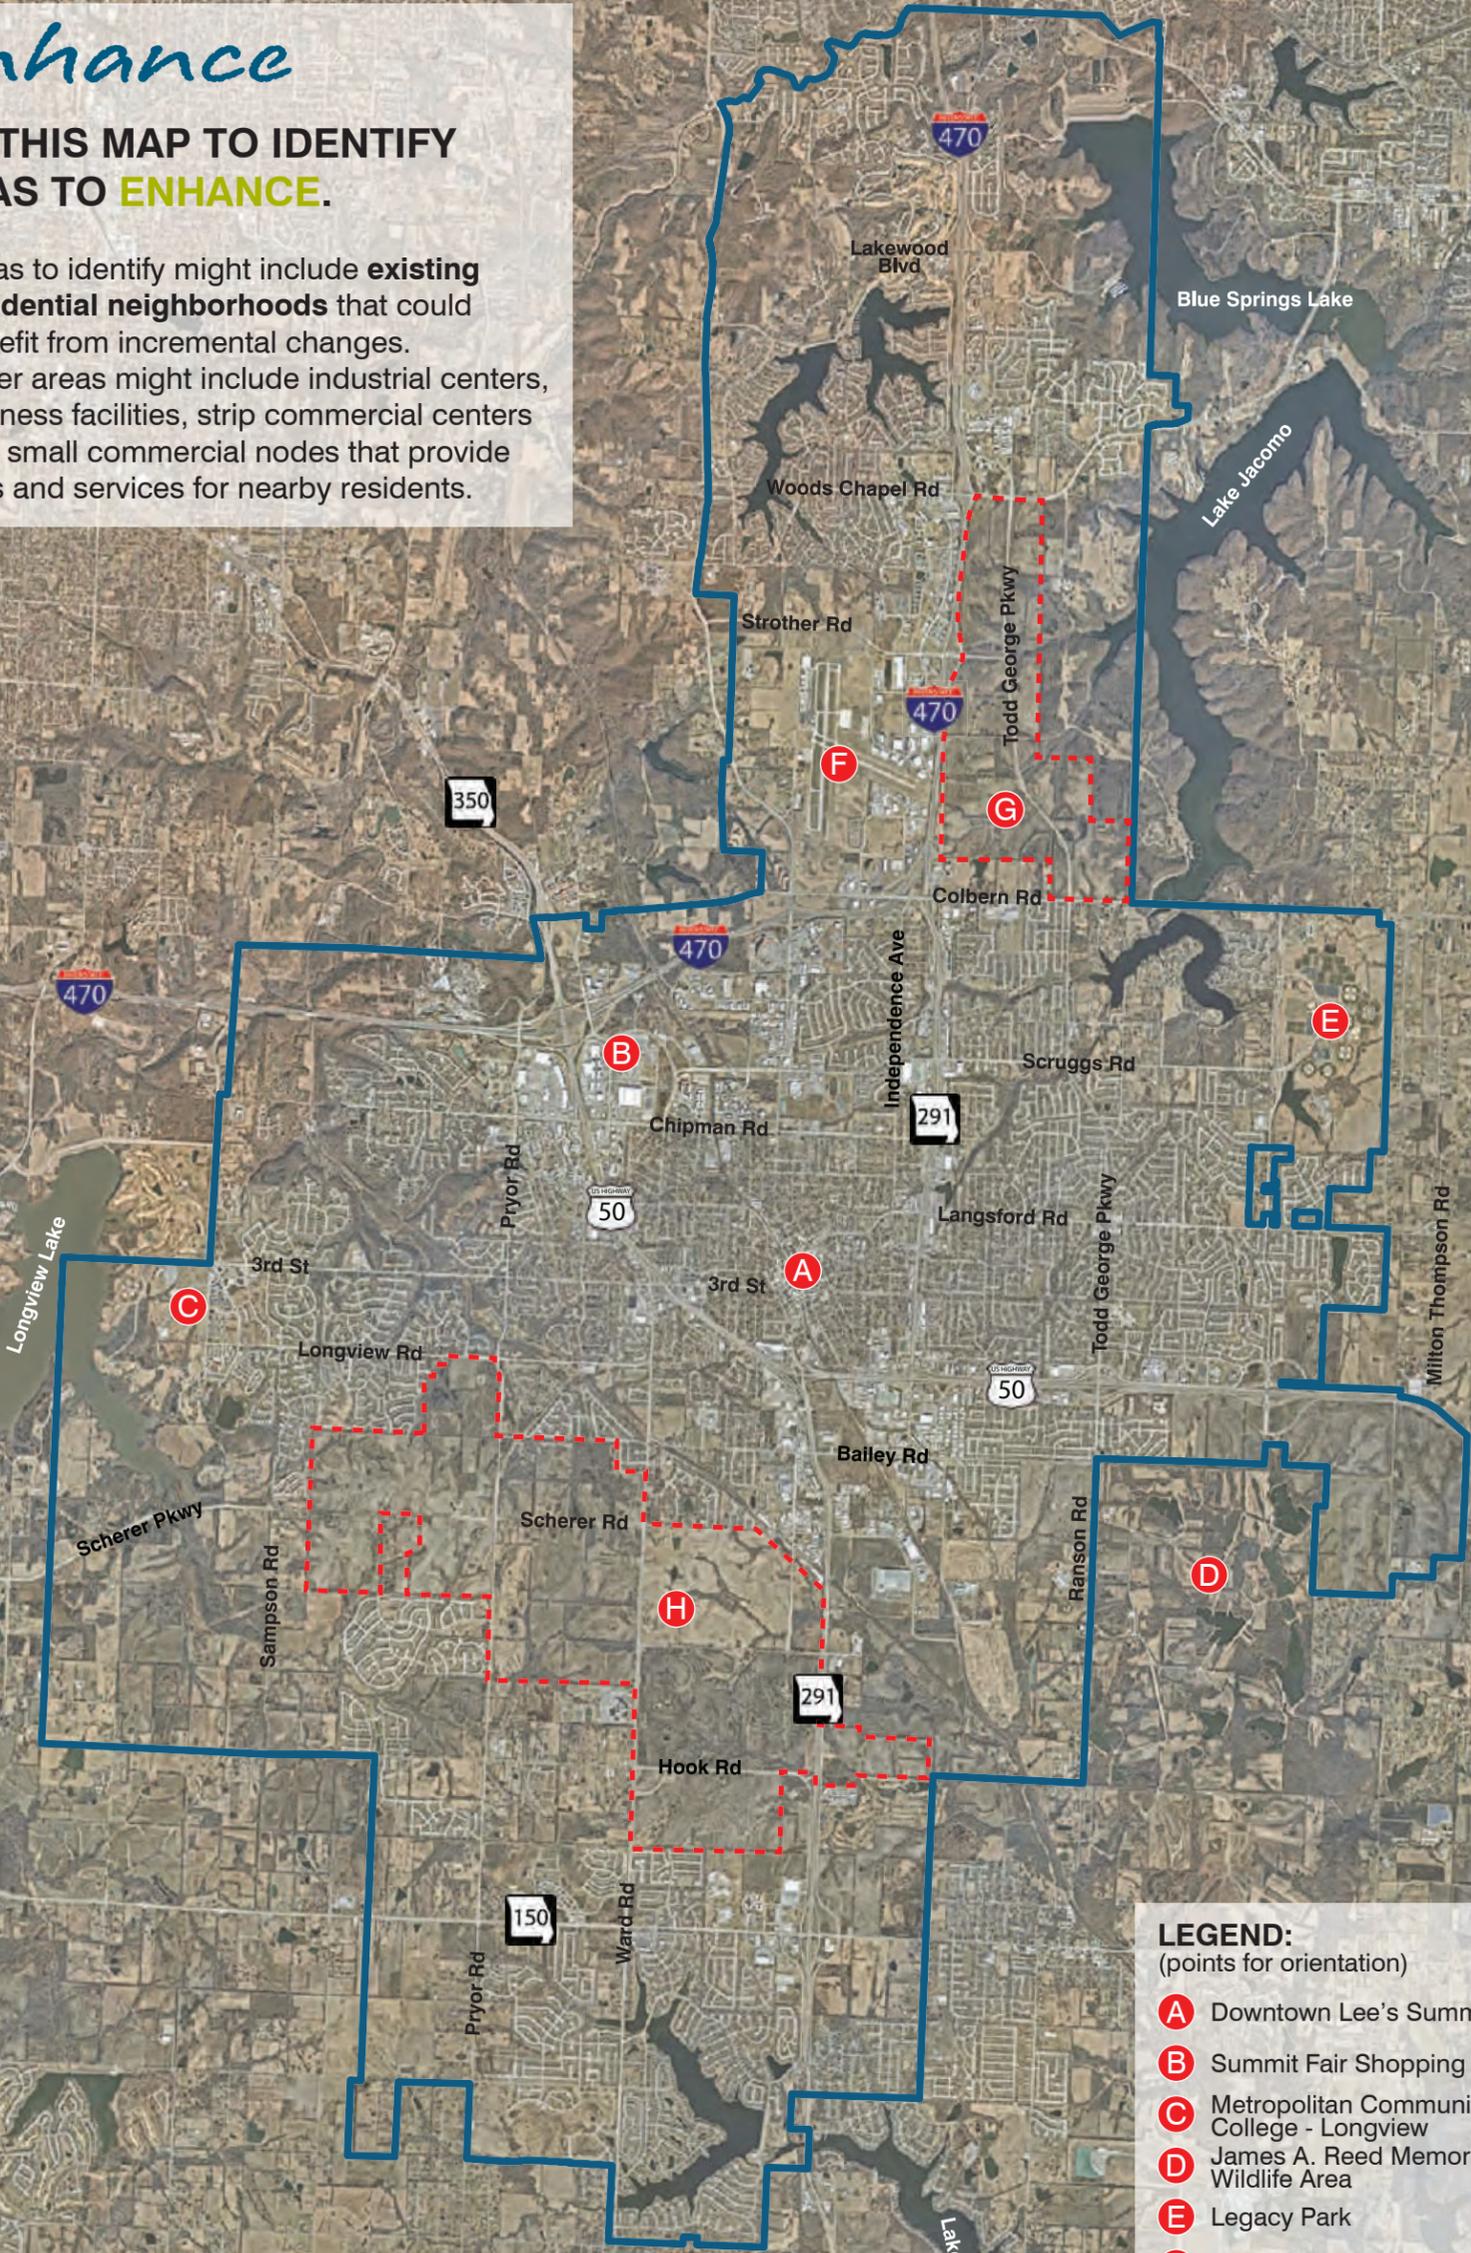

LEGEND:
 (points for orientation)
